## Tiny Girl Dies, Sister Injured As Cabin Burns

Parents Powerless to Save Child  
In Blaze at Shawnigan Lake

Trapped in a blazing cabin at Shawnigan Lake, a two-year-old girl last evening was burned to death and her three-year-old sister critically injured.

Dead is Wendy Jean Peterson, left at 6:30 p.m. Both parents were away only a few minutes. Mrs. Peterson raced to the cabin just behind her father. Despite the solid wall of flames, she attempted to enter the cabin to save Wendy. Mr. Peterson had already been forced back after getting the older girl out.

**POWERLESS TO HELP**  
 When the children's father raced up, he, too, was powerless to help. The Shawnigan fire department answered the call to the blaze, but the fire was rapidly finishing the cabin within a few minutes. From the rubble of the fire, police recovered the body of the tiny girl.

**UNITED PARENTS**  
 When the fire occurred, Mrs. Peterson had walked to the guest house to see her parents. The couple was staying there, while the children slept in the tiny sleeping cabin. Mr. Peterson had gone to see his employer about the next day's work.

The grief-stricken father told police that the two girls were playing happily on the bed when he

## Divers Search for Bodies of Noronic Victims

Diving operations on the charred and blackened hull of the Great Lakes steamship Noronic—death trap for 127 persons by the latest count—are shown under way here as the grim hunt for additional bodies is carried on. The Noronic was gutted by a holocaust early Saturday while she was tied up at a Toronto dock. Divers yesterday found the body of a fully clothed young woman near the keel of the fire-scarred vessel.

## Demand Bus Lines Explain Loss Claims

Complete Analysis of Costs  
Sought in Higher Fare Bid

Greater Victoria transportation committee has insisted that the B.C. Electric and Vancouver Island Coach Lines give more details on losses claimed since the last fare increase was granted in October, it was learned yesterday.

No official announcement was given following a meeting of the committee Monday. It was learned, however, that the committee has sent a letter to W. C. Arnett, B.C. Electric vice-president, insisting that more information be provided.

It is understood that previously the committee had sought similar information, but had been referred to the Public Utilities Commission by company officials.

These are among the points on which it is believed the committee is seeking further information:

1. An analysis of administration costs showing what proportion has been charged against transportation compared to what is charged to other utility operations of the company.

2. A list of assets together with the rate of depreciation being charged and the proportion being charged to urban transportation.

3. A detailed statement of maintenance and operation costs.

4. An outline of the basis on which the company's "fair return" of 5.3 per cent is calculated.

5. An outline of what is covered in amortization costs.

Ald. H. M. Diggon, committee chairman, acknowledged yesterday that a letter was being sent to the B.C. Electric but declined to elaborate.

He said a large proportion of persons writing letters to the committee thought that the weekly pass should be maintained. Many

## Lottery Law Slated For Quebec

CHICAGO, Sept. 20 (CP).—Premier Duplessis said tonight his provincial government during the next session of the Quebec legislature would pass a law to institute a provincial lottery.

The premier made the announcement during a speech here before the annual meeting of the Union of Proprietors' League of Quebec Province.

The premier said his government favored a state lottery, controlled by the province for legitimate purposes, such as education and public health.

At the next session, he will propose a measure so that Quebec provinces may benefit from a lottery of its own, he added.

The premier's words came after the 400 delegates to the Proprietors' Convention adopted a resolution asking the establishment of a provincial lottery for education purposes.

## U.S. Steel Tie-Up Looms As Mines Strike-Bound

WASHINGTON, Sept. 20 (AP).—The steel industry of the United States began banking its glowing furnaces today for a country-wide shutdown, and the coal strike ate into the country's fuel supplies at the rate of 1,000,000 tons a day.

Meanwhile, the Ford Motor Company, in an effort to avert a third major strike threat, was reported to have offered the United Auto Workers' Union (UAW) a company-financed pension plan.

**NO PROGRESS**  
 1. Cyrus S. Ching, Federal mediator, reported "no progress" in two days of efforts to stave off a scheduled strike of 1,000,000 CIO steel workers Saturday night.

2. Tolness in the coal strike, which began two days ago, passed the 500,000 mark. More than 27,000 rail employees were laid off by half a dozen coal-carrying roads. Some 480,000 United Mine Workers stopped work Monday to back demands for a new contract and to protest a halt in mine welfare fund payments by Southern operators.

The Southern operators have suspended payments until a new contract is agreed upon.

**PROSPECTS DIMMED**  
 Prospects of an early settlement were dimmed when the union tonight broke off contract talks with the Southern operators.

3. Charles G. Ross, White House press secretary, said in Washington that President Truman has "nothing in the works" for settling either the coal or steel disputes.

4. Union sources in Detroit said Ford tentatively offered company-financed pensions, equivalent to eight cents an hour. These payments would provide pensions of about \$50 a month for workers reaching the age of 68 exclusive of social security benefits. The union has set a strike of 115,000 workers for September 29 if attention is not reached on demands for pensions and a wage boost.

**Yugoslavia Quits Soviet In First U.N. Balloting**

FLUSHING MEADOWS, N.Y., Sept. 20 (INS).—The fourth United Nations Assembly opened on a note of hope today despite the world devaluation crisis and Yugoslavia's defiance of Russia in deserting the Soviet bloc in the balloting.

The world body elected Carlos P. Romulo president on the first ballot, an unprecedented distinction. He called on the 1,000 delegates to make this the "peace assembly."

Norman J. O. Makin of Australia was in the president's chair in the former World's Fair auditorium as spokesman for former president Herbert V. Ewart, who was unable to attend. Makin opened the fourth session by reading Ewart's message hailing the United Nations as the world's foremost champion of peace and justice.

In the balloting for president, Makin counted 53 votes for Romulo. The Soviet group, minus Yugoslavia, cast its five votes for Foreign Minister Vladimir Clementis of Czechoslovakia. One of the 53 votes was declared invalid.

The roar of applause which greeted Romulo's election was not shared by either the Soviet bloc or Yugoslavia. This led observers to believe that Yugoslavia purposely cast the invalid ballot.

But the subsequent elections of other chairmen of the six main committees quickly confirmed that Yugoslavia had totally deserted the Soviet bloc.

In the election for chairman of the all-important political committee, Russia lost the first skirmish to the West when Lester B. Pearson of Canada won that post.

Poland had put off Czechoslovakia's Adolph Hoffmeister. Pearson drew 49 votes, Hoffmeister five and Josef Bech of Luxembourg got one. The rest were abstentions or invalid.

A few moments before the opening, Andrei Vishinsky walked into the auditorium and took his seat two feet in front of U.S. foreign minister, Edward R. Kardell. Vishinsky stonily ignored the Yugoslav group behind him but displayed a cheerful face.

Amidst blaring photographers' lights, Vishinsky rose and heartily shook hands with Britain's Bevin. He was all smiles when Secretary of State Dean Acheson walked over and shook hands warmly.

**Two Miss Death In Car Plunge**  
 LADYSMITH, Sept. 20.—Andrew Aitken, Blainey, and Henry Berto, Ladysmith, had a narrow escape from death late Tuesday afternoon when a light truck, owned by the Comox Logging & Railway Co. Ltd., and driven by Berto, left Majuba Mountain Road and rolled over four times before its flight was arrested by trees and rocks.

Aitken managed to jump from the vehicle, and landed on his head. He suffered head injuries and severe bruises. Berto was pinned beneath the truck, but escaped with severe shock and bruises. Dr. Rymie Cantor, Ladysmith, attended the injured men at the scene of the accident.

## Attlee Demands New Cut In Government Spending

LONDON, Sept. 20 (INS).—Prime Minister Attlee has demanded an immediate five per cent economy cut in the administrative expenses of the British Labor Government to bolster its fight to stay in power.

This was disclosed tonight as the shaky position of the Government became more apparent with attacks from the political opposition and demands for higher wages by some segments of labor.

The powerful Trades Union Congress, whose support for wage stabilization is being avidly sought by the Government, jumped on the fence on the devaluation issue. Its general council announced after a meeting that judgment could not be passed on the devaluation move until a further study is made of all factors involved, including its effect on workers' earnings.

**IMPACT FELT**  
 The impact of the British Government's devaluation of the pound continued to be felt around the world.

Greece and Indonesia became the 20th and 21st countries to slash exchange rates and Belgium moved to become the 22nd nation on the devaluation list.

Brazil, Iran and Poland led the parade of other countries adjusting their currencies to the new level of the pound sterling.

The Netherlands, which announced devaluation Monday, set the new rate of the guilder at 3.80 to the dollar, compared with the old rate of 2.65, and Indonesia followed suit.

**PONDER SIMILAR MOVE**  
 Reliable sources in Brussels said the Government decided to devalue the Belgian franc 15 per cent from the present 43.82 to the dollar.

The London and South African Stock Markets went wild.

In Johannesburg the market was reminiscent of the pre-war boom, with some quotations up as much as 50 per cent in the first few minutes.

Attlee's demand for a 5 per cent slash in Government expenses was made personally and secretly to all ministries recently. Ministry heads were called upon to submit plans for cuts by the end of this month at the latest.

**SEPARATE SLASH**  
 This was separate from the recent demand for a 5 per cent economy slash demanded by the Treasury recently in connection with the new April budget.

Chancellor of the Exchequer Sir Stafford Cripps said Monday that there would be no cuts in the defence and social service appropriations.

Attlee's advisors were declared to have approved his economy move.

**C.S.U. Ouster Approved by T.L.C. Despite B.C. Radicals' Opposition**

By R. W. MUNGALL  
 Colonist Staff Reporter  
 CALGARY, Sept. 20.—Today was British Columbia day in more ways than one at the annual convention of the Canadian Trades and Labor Congress now in progress here.

The permanent suspension of the Canadian Seamen's Union from the Congress, recommended by a T.L.C. executive committee, was carried by an overwhelming vote of 702 for expulsion, 77 against.

The vote, a roll-call one called for by the T.L.C. constitution in union suspension cases, took more than two and one-half hours. Each delegate answered "yes" or "no" as his name and full union affiliation was read out over the public address system.

**MAJORITY IN FAVOR**  
 Although a majority of British Columbia's 200-odd delegates to the convention voted in favor of expulsion of the C.S.U., a group of traditionally radical British Columbia unions provided the bulk of the opposition to the expulsion.

Breakdown of voting on the issue by province and union has not been

## Money Cuts May Hit Textiles in Canada

OTTAWA, Sept. 20 (CP).—Government trade sources today said the Canadian textile industry—built up through high wartime demand—may be hit hardest by the worldwide wave of currency devaluations.

The industry will have to meet United Kingdom prices in Canada, which, in some cases, may range up to 20 per cent lower for United Kingdom woolen, rayon and cotton fabrics.

Trade sources added that the sharp slide in sterling will mean that Canadian exporters of lumber, foodstuffs, fertilizers, capital goods, and manufactured commodities will find it harder to sell in the traditional Commonwealth market.

As a direct outgrowth of the Canadian dollar cut announced by Finance Minister Abbott yesterday, Canadian importers of United States goods which come under im-

port controls likely will be given quota increases.

Here is the way the sources predicted possible trading in Canadian goods:

**Wheat**—The United Kingdom will buy Canadian wheat with Marshall Aid funds at least until the expiry of the current contract in July, 1950.

**Cheese**—Canada expects to have a surplus this year of some 14,000,000 pounds of cheese, remaining after completion of the 50,000,000-pound United Kingdom contract. Attempts will be made to sell this surplus, which is being purchased by the Government, in the United States market, in the form of matured cheese.

**NO BACON SURPLUS**  
 Bacon—No surplus is seen in the product for which there is a high domestic market.

**Eggs**—No surplus in sight.

**Apples**—A heavy surplus likely. An attempt is expected to sell this in the United Kingdom at extremely low prices with the Government making up the loss to the producers.

**Lumber**—A declining demand in the United Kingdom market is expected because prices will still be too high. However, where sterling countries find it necessary to buy in the Western world, it appeared likely that the Canadian product will get preference.

Labor and secretary-treasurer of the powerful 18,000 member Lumber and Sawmill Workers' Union, who praised the C.S.U. during heated discussion the previous day, voted yesterday for expulsion.

So did W. Edminston, Toronto, of the International Chemical Workers' Union, allegedly Communist-linked in Canada.

According to the official vote total of 779, there were more than 200 delegates who did not vote, including the entire ten-man delegation from Vancouver Local 213, International Brotherhood of Electrical Workers.

Ald. R. K. Gervin, of Vancouver, was re-elected president of the British Columbia provincial executive board of the T.L.C. at a meeting of approximately 200 British Columbia delegates yesterday, marking the beginning of provincial executive elections.

Newcomers to the British Columbia executive were Orville Brasen of Vancouver Local 433, International Brotherhood of Pulp, Sulphate and Paper Mill Workers, who edged out J. Stevenson to become Holgate, Local 312, International Brotherhood of Pulp, Sulphate and Paper Mill Workers, Ocean Falls, who was elected to the newly-created post of member for northern British Columbia.

Both of the new members voted against the C.S.U. expulsion.

Charles Peck, president of the Victoria Trades and Labor Council, was re-elected as member from Victoria, and W. H. Sands, Kelowna, as Interior representative.

## BULLETINS

### Cuts Franc

BRUSSELS, Sept. 21 (Wednesday) (AP).—The Cabinet announced today the devaluation of the Belgian franc. Effective tomorrow the United States dollar will purchase 50 francs. Previously the dollar bought 43.77 francs.

### Search Futile

VANCOUVER, Sept. 20 (CP).—A search of Vancouver coastal waters by a chartered British Columbia Airlines plane has failed to find a 70-year-old Vancouver man, missing since Sunday, from a Horseshoe Bay fishing trip.

William Jackson of Vancouver, was last seen Sunday morning, when he set off in a 12-foot power boat from a fishing wharf at Horseshoe Bay.

### Ten to Hang

MANILA, Sept. 21 (Wednesday) (INS).—Ten former Japanese officers and soldiers were sentenced to hang today for cannibalism and atrocities committed on Filipino civilians.

The Philippine War Crimes Commission gave four others in the group life imprisonment.

## Devaluation Causes Stock Turmoil at Toronto

Announcement of Britain's devaluation of the pound sterling to \$2.80 sent Canadian stock and commodity markets into a turmoil. Traders, shown here at the Toronto exchange, were given hectic hours as investors, puzzled by the financial ramifications of the drastic reduction, gave orders to sell and buy in record volume.

NEW YORK, Sept. 20 (AP)—Relentless selling hit the stock market one of the worst wallops of the year today.

Key issues were knocked down fractions to a low of 3 points, \$1,000,000,000 or more was wiped

## Guard Markets.

### Ottawa Urged

OTTAWA, Sept. 20 (CP)—The Government was urged tonight to get cracking on protecting Canada's United Kingdom agriculture markets before the Commonwealth countries steal the whole show.

O. L. Jones (C.C.F., Yale), spoke in Commons discussion of agriculture estimates and said that if Canada doesn't soon take steps to protect her U.K. markets, "Our place will be taken by Commonwealth countries who are fortunate to be in the sterling bloc."

He added that at the same time the Government should take steps to make the domestic market more secure.

He took exception to allowing export fruits to come into Canada from the United States at lower prices than the Canadian products and called on the Government to take steps to protect home-grown fruit from outside competition.

off the market value of all stocks listed on the exchange.

The general price level was forced back to the lowest point since August 31.

Wall Street sources credited disheartening coal and steel labor news and second-day thoughts on international currency devaluation as the main reasons behind the selling.

few minutes of trading some leaders made a stand and managed to creep up 1/4 or 1/2 point from the lows of the day.

Business was brisk throughout the day. Turnover amounted to 1,350,000 shares, against 1,300,000 Monday.

The industrial group took the worst beating, followed by the rail and utilities.

### Will Outline Housing Plans

OTTAWA, Sept. 20 (CP)—Reconstruction Minister Winters will announce the Federal Government's housing program in the Commons tomorrow. He will make a statement shortly after the House meets at 3 p.m. E.D.T.

No details of the plan have been announced, but it is expected that it will comprise Federal grants to municipal and Provincial Governments for approved housing projects.

### Victoria Youth Flees Borstal

Ray Christensen, Victoria, and Rex Adams, Quebec, who were sentenced to terms in Borstal by Magistrate H. C. Hall last week, have escaped from the New Haven institution, according to information received by city police.

The two teen-agers pleaded guilty to all charges here. They were charged jointly with breaking and entering and committing theft at Page Cleaners, 2929 Douglas Street, Adams had three other theft charges.

### Pearson Heads U.N. Group

NEW YORK, Sept. 20 (CP)—Lester B. Pearson, Canada's External Affairs Minister, today was elected to one of the highest posts in the United Nations Fourth Assembly. He will be chairman of the political committee, which handles the thorniest United Nations problems.

Pearson, due to arrive here tomorrow from Ottawa, received 49 of the 56 valid votes cast.

### British Cars Drop in Price

VANCOUVER, Sept. 20 (CP)—Dealers in British cars here today cleared showroom floors for selling action as a possible followup to the devaluation of the British pound and Canadian dollar.

Austin vehicles, one large dealer said, will sell at \$1,445 for one model compared to the previous price of \$1,650. Price changes ranged generally from \$200 to \$300 for different models.

Bacteria were first discovered and described by Leeuwenhoek, a Hollander, in the 17th century.

## Senate Learns Of Secret In Cabinet

OTTAWA, Sept. 20 (CP)—An inside story of a Cabinet secret came out in the Senate today.

It disclosed how Senator Ian Mackenzie had wanted to resign from the Cabinet when it blocked efforts to have Defence Department estimates increased from \$35,000,000 to \$200,000,000 in one

War. Senator Mackenzie served as Defence Minister from 1935 until shortly after the outbreak of the last war.

The story was told by his long-time friend, Senator J. W. de B. Farris, a fellow British Columbia Liberal, while tributes were being paid to deceased senators.

**TOLD OF EFFORTS**  
Senator Farris said Senator Mackenzie had once told him of efforts to obtain the boost in defence expenditures. "The Cabinet would only accept an increase of from \$35,000,000 to \$60,000,000 for the year. When that occurred Senator Mackenzie wanted to resign from the Cabinet because he believed he was fighting for what was right."

Senator Farris, who did not mention the year of the incident, said he disagreed with his colleague and sided with the Government. At that time it could only increase defence expenditures to a point acceptable to public opinion.

**SOURCE OF SALT**  
Extensive mines of rock salt near Cranow, Poland, have been worked continuously since the 13th century.

## Death Toll Cut Sharply In Toronto Ship Fire

TORONTO, Sept. 20 (CP)—Death toll in the Noronic disaster was cut sharply tonight to a probable maximum of 150 when The Canadian Press completed independent compilation of the first list of victims of Saturday's early-morning fire. Official estimates had placed the total at about 200.

The Canadian Press estimate included 13 passengers who the Canada Steamship Lines tonight for the first time said were aboard, but none on the passenger list. This brought the passenger total to 324. C.S.L. officials refused to issue the names or to state whether the 13 were dead, missing or safe.

**NO CREWMEN DEAD**  
A crew list totaling 171 was released at six o'clock tonight by C.S.L. officials with the definite statement that no life was lost among the crew.

The Canadian Press list of victims, compiled from independent sources, showed 58 identified dead—two not listed as passengers—and 82 missing—one not listed. The total was 140, including three of the 13 newly-added to the passenger total. A total of 130 bodies has been recovered.

This was the picture:

## Loss of Markets Feared By Portland Lumbermen

SEATTLE, Sept. 20 (AP)—Bankers resumed trading in devalued Canadian currency today, as some industrial and agricultural exports pondered probable repercussions in trade with their Northern neighbor.

After yesterday's virtual freeze in currency trading, bankers accepted as settled a discount of approximately 13 per cent in the free market on the Canadian dollar.

**WOOL FIRMS WORRIED**  
Meanwhile, in Portland, lumber and wool spokesmen took a dim view of the situation. They claimed the devaluation of money in many countries would put them out of most foreign markets.

A Canadian advantage in wood products shipped to the Northwest was foreseen by Seattle bankers, who expressed the belief that Canadian lumber would undercut American forest products by 10 per cent.

Said one banker:

"Scandinavian countries, which, too, have been devalued, are also big shippers of pulp. If four-pulp and processed woods we will feel the effects until trade is regulated."

But bankers generally did not express alarm over the rustle of falling Canadian currency.

They cited similar previous situations in which low price production of quality merchandise has been the answer.

One banker said that it would be the farmers who would take the real rap in a direct curtailment of their shipments abroad.

The possibility of a clamour by American manufacturers for the imposition of tariffs was cited by Edwin E. Adams, vice-president and Seattle manager of the Bank of California, who commented:

"The devaluation should have no particular immediate effect in this area. Naturally, it should stimulate exports from Canada, providing there are no regulations. Personally, I can't see any immediate tariff change in sight."

## Inspectors Asking Strike Vote

VANCOUVER, Sept. 20 (CP)—A threat of a strike that would tie up a large part of British Columbia's lumber industry was made today by the policy committee of the Lumber Inspectors' Union (C.C.L.).

The committee recommended rejection of a conciliation board's majority report, and asked the membership—289 key men—to authorize a Government-supervised strike vote.

The Lumber Inspectors' Union is scheduled to meet this week with the two other main unions in the industry, the International Woodworkers of America (I.O.—C.C.L.) and the Longshoremen's Union.

The men are employed by the non-profit, employer-operated Pacific Lumber Inspection Bureau, which operates in the Pacific Northwest and Alaska, certifying lumber for export.

Original union demands were for 35-cents-an-hour pay boost from their present rate of \$1.47 an hour, union security, nine statutory holidays and a pension plan.

All major demands were rejected in the majority report of the conciliation board.

### First Bogus \$10 Bill Passed By City Bank to Police Chief

Victoria's first bogus \$10 bill was passed Monday. Ironically enough, it was passed on Police Chief John A. McLellan.

The story goes that Chief McLellan went to the bank to draw out boot money for the force. Receiving a large quantity of \$10 bills, he could hardly have been expected to check each one for its validity.

Later Monday, the money eventually was given to the men and many went right out to buy boots from local stores. It was the misfortune of one sergeant, whose name is a closely-guarded secret, to purchase a pair of boots and pay for them with a \$10 bill.

Not long after he paid for his purchase, the alert clerk recognized the phony bill, one of thousands distributed throughout Canada by Eastern racketeers.

Members of the force, of course, spoke of the incident in whispered tones as if they were sworn to secrecy—as they probably were.

The story, as all good stories do, leaked out—from the shoe store. Yesterday, another bogus \$10 bill was passed on the T. Eaton Co. Ltd. store. There is still no indication that agents are at work in the city, and it is believed these bills have found their way here in the normal manner.

**NAMED TO POST**  
A. W. Jensen was appointed treasurer of Victoria Electric Club at a meeting in Strathcona Hotel yesterday.

He replaces Major H. S. C. Archibald, who left recently to take up his post as assistant to the military advisor, United Nations Commission, in Kashmir.

**CASH STOLEN**  
Thieves stole \$57 Monday night when they broke into the Model Cleaners, 768 Fort Street, by crawling through a transom. The money was taken from a vest pocket of a suit hanging on a rack.  
Panorium, 905 Fort Street, also was entered, but nothing has been reported missing.

**ASK AID**  
A resolution calling for the Canadian Government, or the Canadian and United Kingdom Governments, to make up any loss in pensions of Imperial service pensioners caused by the recent devaluation of the pound was passed Monday night by the Ad Astra Branch of the Canadian Legion.

**METERS COMPULSORY**  
City taxi drivers will have 60 days to install meters in their cars. The City Council passed an amending by-law some months ago. Yesterday the by-law was registered. This means that it became law.

The council decided, however, to give taxi operators a further 60 days' grace in which to get meters installed.

### Route Numbers Put on Buses For City Runs

Route identification numbers have been placed on the back of all regular-run B.C. Electric buses in Victoria for the added convenience of transit riders, the company announced today.

Holders for the purpose were made in the company shops and have been installed below the rear windows on the buses to the curb side. It is believed that this location will be convenient to passengers who have suggested a rear identification number would be helpful.

### VISIBLE IN DARK

Numbers have been treated with a "night lite" chemical as the present bus design does not permit the installation of regular lights over the numbers at the back without extensive alterations. Bus manufacturers, however, say future models will likely include a light for this purpose.

Route numbers as they appear at the back are: Gonzales, 1; Shoal Bay, 1; Gonzales-Crescent Road, 2; Oak Bay, 2; Victoria West, 3; Up-lands, 3; Esquimalt, 4; Willows, 4; Haultain, 5; Beacon Hill, 5; Outer Wharf, 6; Hillside, 7; South Fairfield, 7; Mt. Tolmie, 8; Colville, 9; Munro, 10; Cadboro Bay, 11; Lansdowne, 12; Richardson, 14.

Rush-hour specials will not be numbered as they are used on various routes as traffic demands.

### Peepers Classed as Criminals By Ruling of Appeal Court

Peeping Toms have been officially declared criminals for the first time in Canadian legal history. The precedent was set in Appeal Court here yesterday in a 31-page majority judgment handed down by Mr. Justice C. H. O'Halloran.

Until yesterday peepers were often haled into court on side charges such as trespassing. The Appeal Court judgment also clarified for the first time the right of any citizen to apprehend a peeper caught in the act and the right of police officers to arrest Peeping Toms on complaint and without a warrant.

**PRECEDENTS SET**  
The precedents were set out in a judgment partially allowing the appeal of Bernard Frey, Richmond, whose lawyers, H. R. Bray, K.C., and N. M. Fleishman, asked Appeal Court last May 2 to reverse a January 13 ruling handed down by Mr. Justice A. M. Manson in Vancouver Supreme Court.

The Vancouver judge had dismissed Frey's damage suit for false imprisonment and malicious prosecution against Stephen Fedoruk (Corporal Jack C. Watt and Constable Richard P. Stone). The damage suit came after the Appeal Court had quashed a 1947 conviction that found Frey guilty of peeping through a window at Fedoruk's 60-year-old mother as she was preparing to go to bed.

**JOINT LUNCHEON**  
Members of the Victoria Lions Club will join with the Chamber of Commerce general membership on Friday at the Empress Hotel to hear Hon. Charles Sawyer, secretary of commerce for the United States Government. The meeting will start at noon.

E. A. Estlin, president of the Lions Club, said yesterday there would be a regular meeting of the club directors next Tuesday night. Among discussions at that director's meeting will be those dealing with the Lions Club's annual Fall Carnival, to be held at the Bay Street Armoury October 14 and 15. Proceeds of the two-night affair will go to the Protestant Orphanage. Sam Taylor heads the committee in charge of arrangements.

### FREAK FIRE

A freak fire on Courtney Street, near the Vancouver Island Coach Lines garage, yesterday afternoon kept passers-by guessing. The fire was caused when some water being pumped from a gas pump ignited as it flowed along the street gutter, according to Deputy Fire Chief Philip Guy. The water evidently contained some gasoline and was ignited when someone discarded a match or cigarette butt.

Two parked cars straddled the burning liquid, one car receiving a scorched wheel and the other a broken windshield when nearby workmen sought to protect it with fire extinguishers. Firemen believe the fire burned under the street because refuse on a gutter grate across the street was blown out.

### OFFICIAL DUE

Larry Ercroyd, Vancouver, regional representative for the Canadian Chamber of Commerce, is due to arrive here this morning and in the afternoon will speak before a special meeting of the local chamber's industrial development committee. Arrangements for the meeting, to start at 4:30 p.m., have been handled by Jim Davies, director of the industrial group. While here Mr. Ercroyd will be the guest of Maj. H. C. Holmes.

### ON TWO LOTS

The building is built on two lots, one of them owned by Livingstone and the other owned by David and Joseph Cohen, whose application for the injunction was dismissed in Vancouver. Livingstone claims he owns all of the part of the building that sits on his property. When ownership of the other lot went to the Cohens, Livingstone instructed his rental agent to collect rent for only his half of the building and took out new fire insurance policies that only covered his half.

The Appeal Court hearing was adjourned until October 5 yesterday when C. W. Tyson, Livingstone's lawyer, told the court both sides were trying to work out an agreement "and it looks hopeful."

One man received broken leg and another man and woman sustained slight injuries Monday night in wreck pictured above at Helmcken Road bridge. Robert Deacon, Cobble Hill, driver of car, is in Royal Jubilee Hospital but his wife, and Jack Douglas, Broadway Road, were released after treatment. Constable Bud Godfrey of B.C. Police Highway Patrol, who investigated crash, said car struck side of overhead tunnel before going over embankment at bridge. Car is believed total wreck.

### Program Head Denies Second Sight But Town Meeting Subject Topical

Arthur R. Helps doesn't claim second sight, but he called the political throw correctly this time. Yesterday the moderator of Town Meeting in Canada, award-winning radio forum which comes to Victoria Friday, was accepting congratulations for the choice of a topic.

Some time ago a "hunch" plus some shrewd figuring told Mr. Helps that the move does draw attention to British politics, and Mr. Helps is patting himself mildly on the back for timing the subject so neatly. He hopes it will prove a good crowd-puller.

**SPEAKERS ON TOWN MEETING**  
Canada are Arthur R. Helps, M.L.A.-elect for Vancouver East; Walter R. Dent, editor of The B.C. Financial Times; Dr. J. M. Thomas, principal of Mount View High School and member of the C.C.F.'s provincial executive; and L. W. Makovski, noted writer and lecturer.

**NEW OUTLETS**  
Three new outlets for the sale of Town Meeting tickets were announced this week. They are the Douglas Hotel; Standard Furniture Co., 737 Yates Street, and Wilson Motors, 909 Yates Street.

Tickets are also available at Hagar Investments, 626 View Street; Walter Walker and Sons, 739 Pandora Avenue; Financial Survey, 1324 Government Street; and Harbord Insurance Co., 609 Yates Street.

Town Meeting is sponsored in Victoria by The Daily Colonist, in cooperation with Victoria Junior Chamber of Commerce. The program will be broadcast over 20 stations from Vancouver Island to Newfoundland, putting Victoria "on the radio map" on a national scale.

The six-year-old program, which has 1,000,000 listeners, is starting from here on a tour across the Dominion, giving Canadians everywhere a chance to voice their opinions on the microphone.

## Web of Training Schools Nucleus Of Canadian Army Combat Strength

This is second of a series in which a Canadian Press military writer aims to show the defence situation in Canada. In today's story he deals with the army's combat strength.

**By DOUGLAS HOW**  
OTTAWA, Sept. 20 (CP).—The army is gradually building a combat strength but its crux and core now is a web of schools.

There are some 14 scattered across Canada. They are called corps schools because they produce instructors and trained men for all the army's corps, from infantry to provost, from signals to medical.

They prepare the men for Arctic and winter conditions, and for air-borne fighting, round off future officers, turn out tradesmen. There is even a school in Quebec City to teach English to French-speaking recruits.

### GREAT IMPORTANCE

In any wartime expansion, their importance would be tremendous. In the meantime, they play an important part in construction of the airborne brigade group that is earmarked to be the standing force to meet any enemy raid in the foreseeable future.

### May Be Delays In Receipt Of War Medals

OTTAWA, Sept. 20.—When veterans of the Canadian forces in the World War send in their applications for campaign stars and medals about the end of this month there will be no need of them listing those decorations to which they feel they are entitled, Hon. Milton F. Gregg, V.C., Minister of Veterans Affairs, said today.

"The job has already been done," Mr. Gregg said. "For the past three years we have been working on the files of the 1,081,875 Canadian men and women who enlisted, and on each file there is now a notation as to the veteran's entitlement. All that will have to be done when the application is received is to check it against the veteran's file and send out those decorations which the veteran earned."

### ALL REGISTERED

Mr. Gregg warned that there might be delays in receipt of the medals after the application was sent in. This, he said, was due to the fact that the medals are being sent out by registered mail. Each package will have to be individually registered and this would impose a very heavy burden on post office facilities. It might be necessary, he explained, to suspend mailings entirely during the period of the peak Christmas rush, even though the post office department is doing everything possible to facilitate distribution.

Application cards should be available at all post offices and Canadian Legion branches during the week of September 26, with the application being necessary to ensure that addresses are accurate.

### R. V. Hocking New President Of Gyro Club

R. V. Hocking, of 1965 Bowker Place, Monday was elected president of the Victoria Gyro Club for the 1949-50 term.

Mr. Hocking, 43, has been a member of the local service club for more than 14 years. He succeeds past president Lloyd McLennan.

Other officers elected were Arthur Saunders, vice-president; William Hudson, secretary and Denis Humphries, treasurer. Directors elected were Donald Woodhouse, James Glassford and John Nation.

The new officers will be officially installed as a dinner, October 1, at the Colwood Golf Club. Installation officer will be Leonard Lockett, of Seattle, governor of district four.

Past president McLennan and committee chairman reported on the activities of the organization for the 1949-50 term.

### DOES INDIGESTION WALLOP YOU BELOW THE BELT?

Help Your Forgotten "28" For The Kind Of Relief That Helps Make You Rarin' To Go  
More than half of your digestion is done below the belt—in your 28 feet of bowels. So when indigestion strikes, try something that helps digestion in the stomach AND below the belt.

The brigade is slowly taking shape. No commander has been named, but the first steps have been taken towards formation of a headquarters.

The first land exercises on what might be called a brigade level are being held this fall at Wainwright, Alta., and Petawawa, Ont.

Of its three infantry battalions, one has "finest" training—paratroopers—trained by all-Canadian glider troops.

Training at Rivers, Man., joint training centre. Another is in the midst of this training and should be finished by Spring.

### THIRD TO FOLLOW

The third will follow. Then will come such support units as artillery, medicals and signals. Some of the component parts, two armored regiments, for instance, will not take airborne training.

Most of the regular units are better. Duff, and there are many human strength but this is improving as the army's manpower moves toward the 20,000 mark. Just when the brigade will be fully trained and ready for action has not been announced but it will probably take another two years.

The training schools include the big air-land co-operation base at Rivers, a cluster of schools under one roof, and the winter experimental establishments at Churchill, Man. The latter is really a tri-service and two-branch base inhabited by hundreds of Canadians and Americans.

The signals school at Kingston, Ont., can give seven courses simultaneously. The infantry school, with headquarters at Camp Borden, Ont., can handle 450 men at a time.

The big innovations in post-war

instruction are airborne, winter and Arctic training. Both regular and reserve troops are being taught how to live and fight in winter and small groups of regulars are sent to Churchill each year for the more advanced Arctic training.

The army is directed from 13 headquarters—national headquarters in Ottawa, five regional commands and seven subordinate area headquarters within the commands.

The commands are organized as divisional headquarters and all have done divisional exercises without troops.

The army has six components, the regular and reserve forces, the inactive supplementary reserve, the officers training corps in the universities, 50,000 school-age cadets, and the rangers, an organization of guides, trappers and the like in the North.

Two major headaches are public apathy towards the reserve army and its large manpower shortage and the problem of providing trades training, neither of them by any means licked.

### Resume Classes In Esquimalt

Third term of the pre-school classes at the Esquimalt Community Centre, 1123 Colville Road, opened its doors Monday. It is announced by the centre director, Mrs. Edith Brindley.

A standard kindergarten program is being carried out, including such items as story-telling, play-acting,

handicrafts, band work, folk dancing, dramatized songs, singing games and basic hygiene instruction.

Mrs. G. M. Boddington will again be the instructor. The classes are held five mornings a week and enrolments are being accepted for the remainder of this week. Interested persons are asked to contact Mrs. Brindley or to telephone G 0050 for further information.

OTTAWA, Sept. 20 (CP).—An upward adjustment in base metal prices in Canada was announced by Consolidated Mining and Smelting Company of Canada in the wake of devaluation moves. Copper

in Canada showed an increase of 1 1/2 cents a pound to 19 1/2 cents, lead was up 1 1/2 cents at 16 1/2 cents, zinc was up 1/2 cent at 11 1/2 cents, and special high grade zinc up 1/2 cent at 12 cents.

OTTAWA, Sept. 20 (CP).—Stocks of creamery butter in nine Canadian cities September 16 were nearly 20,000,000 pounds higher than at the corresponding date last year, the Bureau of Statistics reported. Only Quebec, Calgary and Vancouver reported lower stocks.

## Sentenced to Hang on Dec. 11, Prestyko Appeal Will Be Heard

Wallace Prestyko, convicted in Vancouver last Saturday of the strangulation murder of aged Michel Geluch, will ask the Appeal Court to quash the conviction and death penalty.

Mr. Justice James M. Coady sentenced him to be hanged on December 11.

Prestyko's lawyer, Thomas F. Hurley, filed notice of appeal in Appeal Court here yesterday, claiming his intention of appealing the conviction on eight grounds.

Prestyko was charged with William Worobec, 37-year-old Vancouver tailor, with the murder of Mr. and Mrs. Geluch last June in their Earles Road pensioners' bungalow.

### WOROBEC ON TRIAL

Worobec is now in the midst of an Assize Court trial in Vancouver on the same charges.

Grounds listed by Mr. Hurley were that the evidence against his 34-year-old client were wholly circumstantial and consistent with his innocence.

He also declares the trial judge erred in not allowing Worobec, the other accused, to give evidence of communications between himself

## and Mrs. Worobec, for whom Prestyko in court confessed "a deep liking."

Mr. Hurley also declares the judge did not instruct the jury that some of the evidence was hearsay, that a shirt and trousers in evidence were not proved to have belonged to his client, that some Victory Bonds were not traced to the possession of the murdered man. He claims a miscarriage of justice, and said the verdict was unreasonable having regard to the evidence and added there was not the certainty the law requires for a murder conviction.

"Most tooth loss comes from gum troubles," say dentists.

# FIGHT TOOTH DECAY AND GUM TROUBLES } BOTH!

New dental research proves you can help prevent tooth decay as you guard your gums—this doubly-effective Ipana way!

### DENTISTS SAY THE IPANA WAY PROMOTES HEALTHIER GUMS!

In thousands of recent reports from all over the country, dentists say the Ipana way promotes healthier gums. That's just as important as fighting decay, for dentists warn that you can't have healthy teeth without healthy gums! Try this dentist-approved Ipana care—for healthier teeth and healthier gums both.

### DENTAL RESEARCH SHOWS HOW IPANA FIGHTS TOOTH DECAY!

Scientific research based on daily dental examinations now proves that every time, any time you brush your teeth with Ipana, it helps fight tooth decay by effectively reducing and keeping down the acid-forming bacteria. No other paste or powder is more effective for this purpose. And Ipana helps remove bacteria-trapping deposits that invite decay.

Dentists warn that if you want to save your teeth, you must protect your teeth and gums both.

For not only does tooth decay cause untold misery and expense. Gum troubles cause even more tooth losses than decay, according to leading dental authorities. And gum troubles can strike anyone—even healthy youngsters and teen-agers—with little warning!

Now you and your family can help prevent tooth decay and gum troubles BOTH—with doubly-effective Ipana dental care.

For new dental research now proves that Ipana's own special formula effectively reduces and keeps down acid-forming bacteria—considered a major cause of tooth decay. Ipana fully meets these standards for an anti-decay dentifrice.

And more—Ipana is the only leading tooth paste specially designed to stimulate gum circulation—promote healthier gums.

### HERE'S THE DENTIST-APPROVED IPANA WAY—EASY AS 1, 2:

The Ipana way is doubly-effective. 1. Between regular visits to your dentist, brush all tooth surfaces with Ipana after every meal. Ipana's special cleansing formula helps prevent tooth decay—leaves teeth cleaner. 2. Then massage gums the way your dentist advises. Ipana's unique formula stimulates circulation—promotes healthier gums.

# At the Theatres

**ROYAL** David O. Selznick's long-awaited production, "Portrait of Jennie," which is rated one of his finest films since "Gone With the Wind," now showing at the Royal Theatre, has a production record which exceeds in scope any recent film release. The picture, starring Jennifer Jones, Joseph Cotten, Ethel Barrymore, and a host of other players, was two years in the making and is a strong candidate for the various Academy Award honors.

**OAK BAY** Meet M-G-M's sensational new "discovery"—lovely Janet Leigh, 19-year-old newcomer, who plays the feminine lead in the dramatic new M-G-M picture, "The Romance of Rosy Ridge," showing at the Oak Bay Theatre this week. Miss Leigh, who hails from Stockton, Calif., was discovered by Norma Shearer and was given her big debut role despite the fact that she had no previous acting experience.

**PLAZA** Drama of the hard-boiled theatre, "They Drive by Night," starring George Raft, Humphrey Bogart, Ann Sheridan and Ida Lupino, now showing at the Plaza Theatre. Set against the truck driving industry, the drama builds to a strong courtroom climax which is smashing in its dramatic pull and effect.

**ODEON** Stephen McNally, who is big, black-haired and good-looking, burst on film audiences with a bang this season because of a concentrated release of pictures in which he has strong roles. McNally's characterizations vary from such parts as the villainous fisherman in "Johnny Belinda" to the community centre leader—the "moral force"—in "City Across the River," which opens today at the Odeon Theatre.

**ATLAS** Glenn Ford, the bubbly, boyish, dreamboat, plays the first comedy role of his career in Columbia's hilarious "The Mating of Millie," co-starring Evelyn Keyes, now showing at the Atlas Theatre. Glenn portrays a guy who doesn't object to marriage as long as it doesn't happen to him, but who changes his mind when meeting up with "Millie" (Miss Keyes).

**CAPITOL** Bing Crosby and lovely Ann Blythe are that way about each other in Paramount's gay and lulling comedy, "Top of the Morning," now showing at the Capitol Theatre. The film reunites Bing with Barry Fitzgerald and also co-stars Hume Cronin.

ALFRED PRESCOTT

Victoria Musicians Mutual Protective Union has instituted memorial fund to perpetuate memory of Mr. Prescott, originator of the Victoria Philharmonic Orchestra, which he conducted up to the time of his death last year. He was well known here as a bandleader and former director of music for Victoria Schools. The union has requested the Great Victoria School Board to create the fund with the annual \$100 donation to help buy music and instruments for the school.

## Partly-Dressed House Prowler Put to Flight by Two Women

An Equimault house prowler, who did his work half-naked, was routed from a house at 315 Armit Road by two defiant women early Sunday morning.

Equimault Police Chief Gilbert Stancomie reported that the culprit entered the home of Mrs. J. E. Godman by smashing a bedroom window. Awakened by the crash, Mrs. Godman leaped out of bed and walked toward the window where she was met by the prowler who was wearing only a short coat.

## Distributors Silent On Price Plan

Victoria milk distributors declined yesterday to make any statement on the possibility of an increase in the price of milk.

At a meeting yesterday, Milk Dealers' Association discussed City Council's refusal to lower trade licence fees. Afterwards, they were silent about the direction their talk had taken.

A representative of the distributors would only say that the price question is to be discussed at a future meeting.

Recently milk distributors complained to the city that licence fees left them too small a margin.

## Island Man To Appeal Conviction

Joseph Marcoux, Nanaimo hockey player, will appeal his conviction and 18 months sentence for the theft of two sewing machines from Lady Smith's Annex School in the Court of Appeal today.

He was found guilty of stealing the machines from the home economics room along with Frank Underwood, when he appeared before Magistrate W. H. Bryant in Lady Smith police court last May 23. Underwood was sentenced to three years.

Marcoux, represented tomorrow by his lawyer, W. T. Hunter, will ask the Appeal Court to throw out the conviction on the grounds that he was in Nanaimo at the time the theft was alleged to have been committed.

Charges against the pair were laid after British Columbia Police Constable B. E. Munkley seized one of the machines from a Lake Cowichan home and another from a Duncan home. The housekeepers in each case said they had bought the machines from Underwood and that Marcoux had helped to carry the machines in to their houses.

## Highlights of Gem Hunt Told to Kiwanis Club

Highlights of a 27,000-mile journey that took him from Canada to South America and South Africa in search of diamonds and other precious gems were presented to the Kiwanis Club at the Empress Hotel yesterday by J. Lovell Baker, gem expert and buyer for one of Canada's largest jewelry businesses.

Baker, he said, was an amazing country, and one in which a great deal of money was being spent.

He said, Brazil sent her raw gems to foreign nations for finishing. Today that work is done there.

**BIG PRODUCER**  
That country is a substantial producer of diamonds, most of which are used for industrial purposes. For some time after the precious stones were discovered there, in 1790, he said, there was little demand for them. Throughout the world it has been generally agreed that the finest diamonds—at that time—came from India.

The Brazilians, however, weren't slow on the draw. They shipped their diamonds to India, then sent them to other parts of the world. It worked fine. Brazil produces some of the hardest diamonds known.

In South Africa, Mr. Baker visited one of two large diamond mines now operating there. From this mine, he said, a total of 22,000,000 pounds of rock were hauled daily, and from this there was obtained an average of one and a quarter pounds of the precious gems. Between 80 and 85 per cent of the stones are used for industrial purposes, while the remainder are earmarked for jewelry.

**SHIPPED FROM AFRICA**  
Diamonds were shipped from South Africa to an organization known as the Diamond Trading Corporation, in London, England.

Among highlights of his time in

South Africa was a trip through Kruger Park—the largest national park of the world. There, he continued, it was possible to see any number of wild animals and birds in their natural environment. Before passing through the area, motorists are told they must not open car doors or leave their vehicle.

**WINNIPEG Grain**  
WINNIPEG, Sept. 20 (CP)—Coarse grain futures came in for extremely active trading on the Winnipeg Grain Exchange with progressive buying in all grains except flax. Offerings were liberal and well-absorbed. Barley registered a new seasonal high.

# Music Teachers Commence Winter Season

## Lots of Music in Air As Pupils Tune Up

There's definitely music in the air. Week of course, is to encourage in Victoria this week.

Feature of the musical scene is the big symphony drum which is currently being thumped to the tune "Last year's deficit will soon pass away."

Just to make sure that the deficit won't be repeated in the 1949-50 Victoria Symphony Orchestra season, ladies of the symphony society are hard at work organizing telephone bridge sessions, moving picture shows and, as a grand finale, a fashion show staged by Eaton's and due for presentation at the Empress Hotel.

**MOVIES TONIGHT**

The movies, incidentally, will be shown at the Victoria High School auditorium tonight. Symphony Conductor Hans Gruber will introduce each movie and add a little information from the world of music to the program.

Tomorrow night the fashion show will go on parade at 8:30 p.m. Featured will be the latest in Autumn apparel.

## Say Second Greek Ship Soon to Sail

Marine News

Nearly two months ago representatives of a Greek firm which bought two veteran C.P.R. coastal steamers said the first of the two was to sail "next week-end."

That ship, formerly the Princess Adelaide, finally left this port last Saturday. Now she is on her way to a new home in Greece.

The same representatives now report the second ship — formerly the Princess Alice — is to sail for waters of Greece next week.

Renamed the Agreon, the ship is scheduled to enter Esquimaux drydock Monday, according to officials of Victoria Machinery Dept. Co. Ltd., which have had the job of making the two ships seaworthy.

## Decline Expected In Apple Harvest

The Vancouver Island and Gulf Islands apple harvest is expected to be lower this year than last according to a report issued recently by the Provincial Agriculture Department.

However, the department report placed the total British Columbia crop at 86 per cent gain over last year with a total of 7,971,455 boxes expected.

## Will Install Club Officers

Installation of new officers and initiation of new members of the Victoria Y.M.C. Club will be held September 29.

Plans for the banquet meeting will be formulated at a gathering of members to be held Thursday night.

Directors of the "Y" will be invited to attend the September 29 meeting, and installation of officers will be conducted by W. Cecil Wakeley, past regional director of the Pacific Northwest region, who will fly here from Vancouver.

With him will be Alvaro Martinez, director of the many Y's Men's Clubs of the Philippine Islands, now on a speaking tour of the United States and Canada. Mr. Martinez attended a recent international convention of Y's Men's Clubs held at Minneapolis.

## W. Cochrane Funeral Rites On Wednesday

Funeral services will be held at 3:15 p.m. today from William's Funeral Parlor for William Cochrane, 82, well-known sportsman, weaver and poet, who died Friday at Royal Jubilee Hospital.

Coming to Canada in 1902, Mr. Cochrane purchased a large tract of land at Millarville, near Calgary, Alta. He came to Esquimaux about 1925. His family was one of the largest woolen manufacturers in Scotland.

**GREAT SPORTSMAN**

Mr. Cochrane was a great sportsman and to hunt with the Duke of Buccleuch's hounds. A veteran of the Boer War, he served with the Scottish Yeomanry, Sir James Miller, who was in Mr. Cochrane's regiment, was a well-known breeder of thoroughbreds and twice won the English Derby. For Mr. Cochrane's service in the Scottish Yeomanry, Sir James sent him a horse named Chatter, who was by Ayrshire, a Derby winner.

Mr. Cochrane was a noted weaver and had looms set up in his home. He was a tireless advocate of increased sheep raising in Canada. He was an old-time member of the Burns Club and recited and wrote many poems.

He is survived by his widow at home, 3849 Cadboro Bay Road; a daughter, Mrs. Elsie Holloway; two sons, Elin and Kenneth, and one sister in England.

**ORPINGTON, Kent, England (CP)** — S. C. Waters, public librarian here, is holding phonograph concerts to keep the students on vacation from getting bored.

**BAGSHOT, Surrey, England (CP)** — The local council requested that the police station remain open 24 hours a day instead of 20.

The first meeting of the season was held on Friday at St. Paul's, Esquimalt, with Mrs. B. P. Harding, second vice-president, in the chair.

Mrs. G. W. Baugh-Allen welcomed the members and the opening prayers were led by Mrs. G. R. Hammond, the Scripture reading being taken by Mrs. E. Kennedy. At noon a short service was held in the church when the Rev. Canon H. H. Creal gave a brief devotional address.

Mrs. S. G. Wilson, treasurer, reported total receipts since June as \$95.15.

Mrs. A. Roach, Dorcas secretary, reported several bales of clothing sent to Alert Bay school, including 96 girls' dresses, 51 sweaters, 25 bedspreads, and Christmas gifts. A set of altar linen was sent to Mesachie Lake.

Mrs. E. J. Harris reported attending several Little Helpers' parties and the report of the girls' secretary was read by Mrs. H. Earle and mentioned a gift to the Indian School at Port George. Mrs. H. C. Horth, social service secretary, reported that six parcels had been sent to clergy in England.

## Seattle Trip Follows Rites

The Church of Our Lord was the scene of a pretty wedding on Friday evening when Barbara Joan Goodman, daughter of Mr. and Mrs. C. B. Goodman, 708 Princess Avenue, former residents of Regina, exchanged vows with William Edward Heitbe, son of Mr. and Mrs. R. W. Heitbe, 2967 Cadboro Bay Road, and Mr. R. Holland of Parksville, V.I. Rev. D. L. Gordon read the nuptial service and Miss Pat Jones sang "Because" while the register was being signed.

A gown of broadened marquisette fashioned on colonial lines with off-the-shoulder neckline, yoke inset with Chantilly lace and full skirt caught up to reveal lace ruffles was chosen by the bride. To complete her ensemble she wore a long veil held by a Dutch cap and carried a Bible topped with a mauve orchid and streamers. She was given in marriage by her father.

Mrs. A. Davis was matron of honor wearing a blue gown with Dutch cap and carrying a mull of gladioli. Miss Audrey Goodman, sister of the bride, and Miss Shirley Henn, the bride's cousin, wore gowns of sea green nylon net and canary yellow gowns respectively. They both wore matching shoulder veils held with Dutch caps and carried muffs of gladioli.

Mr. Albert Davis supported the groom while Mr. Bruce McLaren and Mr. Enle Massick acted as ushers. The reception was held in the Newstead Hall where the young couple received the best wishes of their friends. For traveling to Seattle the bride wore a three-piece wine wool ensemble with black accessories and corsage of orchids.

On their return Mr. and Mrs. Heitbe will make their home at 311 St. James Street.

## Trip South Follows Rites

St. John's Church, Duncan, was the scene of a pretty wedding on September 10, when Merle Gloria, younger daughter of Mr. and Mrs. Robert J. Nichol, exchanged marriage vows with Mr. Donald Arthur Clarke, younger son of Mr. and Mrs. William J. Clarke. Rev. Archibald officiated at the ceremony and Mr. Paul Michelin presided at the organ.

The bride, escorted by her father, was charming in a gown of white satin and lace with full skirt featuring plain panel front and back.

With assistance from her bridesmaids on the sides, sweetheart neckline and lily point sleeves. Her floor-length veil of illusion net was held by a coronet of tiny calla lilies and orange blossoms and her only ornaments were a double strand of pearls and earrings to match, gifts of the groom. To complete her ensemble she carried a shower bouquet of red roses and fern.

Mrs. June Wade, sister of the bride, was matron of honor, wearing a gown of yellow nylon sheer with matching shoulder-length veil held with a wreath of mauve flowers, while Miss Irene Stenton and Mrs. Irene Berman were bridesmaids wearing gowns of mauve net over satin and sky blue taffeta, respectively. They all carried colonial bouquets of carnations and asters in contrasting shades.

Mr. Gerald Patterson acted as best man and ushers were Mr. R. E. Wade, the bride's brother-in-law, and Mr. W. A. Clarke, brother of the groom.

Following the ceremony a reception was held in the church hall, where Mr. Robert Beach proposed the toast to the bride. During the evening the bride presented part of her bouquet to the groom's grandmother, who was celebrating her 80th birthday. Mr. and Mrs. Henry Robinson and Mr. Fred Reed supplied the music for dancing.

For traveling the bride wore dress of storm blue satin, burgundy gabardine coat with navy accessories and corsage of pink carnations. Mr. and Mrs. Clarke left for Victoria en route to San Francisco and on their return they will reside in their new home on the Island Highway North.

the direction of the Polish dramatist Julius Rawicz-Lesak. The presentation was well received by a near-capacity audience. The play, which has an interesting psychological theme, is produced by the Drama Club of the Y.M.C.A.

The play was staged as a penthouse production, which means there is no regular stage, the play being enacted on floor level within reach of the audience.

## Film Award To Canada

The National Film Board has been notified of its fourth film award in international competition within a month. It was announced yesterday by executive officer Ralph Foster.

The latest prize-winner is "Vegetable Insects," which was awarded first prize in a general biological film competition at a convention of the Biological Photographers' Association held in Cleveland this week. It was the first time a Canadian film had been entered.

The Polish Government Academy of Drama, has had many years of experience as actor and director. He taught theory and practice at the "Y" last year and will again open new courses early in October.

Final presentation of "Indian Summer" will be given at 8:30 p.m. Thursday.

It will be preceded by tumbling, fencing, volleyball demonstrations and hobby craft registrations scheduled for 7:45 p.m.

## Little Theatre "Melisande" Has Premiere

With the book by Vivienne Chadwick and Bert Binny, lyrics by Vivienne Chadwick and the music by Winifred Lugrin Fahey, "Moon for Melisande" had its premiere Monday night at the Victoria Little Theatre.

The bright and tuneful "You, You, You," sung by Mary Goodman as Melisande, and Stanley Martin as the jester, was composed by Muriel Ritchie. "She Wants Something No One Else Has Ever Had," was composed by Al Smith.

ONE OF HIGHLIGHTS  
Mr. Martin has a big, naturally musical bass-baritone voice, moves well on the stage, and was one of the highlights of the evening.

Miss Gardner made a dainty little princess. Her change of mood from the spoiled child going into ear-splitting screams, to the gay, happy girl of the last act, being well contrasted.

Dariusz Drain as the mistress of the bedchamber, had clear diction, and her pace was good. Her rather stylized movements were in character and she was the best of the women.

DREW LAUGHS  
Shirley Palmer as Miss Lucia Tait, a stenographer who applied for a job as an executioner, got some hearty laughs, and the three young dancers from the Florence Clough School of Dancing were excellent.

Art Dave was the testy King of N.B.U. Maximilian Aldebaran, while the three members of the Civil Service Commission of the kingdom were Keith Duncan as Aloysius, the Royal Chancellor Henry Gunning as Absalom the Royal Mathematician and John Logie as Transmogrifier, the Royal Wizard. There was some clever patter with sly digs at local doings.

The prologue, with Gwen Davis and Sylvia Stone as the guards and Janet Bowden, Lorna Craddock, Diana Rederidge, Dorothy House, Gladwyn Hodge and Jean Foxall as the attendants, was colorful and amusing.

BEING REPEATED  
The performance, which is being repeated all this week except Wednesday at Little Theatre at 8:15, is directed by Vivienne Chadwick and produced by Herbert B. Binny.

The chief criticism was too much need of prompting, which will doubtless be remedied, and the pace of the production was too slow, which will also improve during the week.

The score, overture and entracte music was arranged and presented by Muriel Ritchie and Joan Creighton.

TEXTILE'S HISTORY  
The manufacture of poplin, a textile fabric of French origin brought to England by the Huguenots, has long been specially associated with Ireland.

## Island Officer Promoted To Rank of Commander

LT.-Col. Earl English, D.S.O., E.D., Chemainus, has been appointed officer commanding the 66th Light Anti-Aircraft Regiment (C.S.R.).

His promotion to that rank from major, and his appointment to the command, succeeding Col. Daryl Stephenson, is made retroactive to last April.

LT.-Col. English joined The Canadian Scottish Regiment in 1931 as a private. At the outbreak of war he was a lieutenant. He served with the same regiment throughout the war. On D-Day he commanded Headquarters Company, First Battalion.

GETS PROMOTION  
He was promoted to the rank of major in France in 1944. He was

awarded the D.S.O. for action at Wageningen in Holland. In July, 1945, he left the First Battalion and went to the Fourth Battalion on occupation duty in Germany.

In 1946 he obtained his discharge from the Active Army, and moved to the Second Battalion. Upon the reorganization of that unit into the 66th L.A.A., he was appointed second-in-command.

He now commands the regiment, which has batteries at Duncan, Nanaimo and Alberni, with headquarters at Nanaimo.

LT.-Col. English continues in his civilian position as crane engineer for Victoria Lumber Co.

USE OF HOUSE  
According to the terms laid down then, the widow was to have the exclusive use of the house built by her late husband, Percy Greaves, of Lumby. Her son by an earlier marriage, E. J. Christien, was to pay all taxes and house expenses as long as she lived and was to inherit the house at her death.

She pointed out that since she had no income she wanted to be able to sell half of the house so she would have some ready cash in case of illness, damage to the house or remarriage.

Although Appeal Court justices felt her chances for remarriage at 74 were "pretty slim" they added a provision to the will that would enable her to apply for extra-cash if an emergency arose.

Lodge Protest  
PORT ALBERNI, Sept. 20.—Fishermen on the West Coast of Vancouver Island are again protesting alleged poaching by United States seine boats inside the three-mile limit.

Fishermen here have signed a petition asking for a 12-mile limit for American fishermen. They also claim there are not enough Fisheries Department patrol vessels to cover the large West Coast area.

## Court Decides To Aid Widow On Will Terms

Appeal Court justices Monday indefinitely reserved certain conditions of a Cariboo man's will to give his aged widow a chance to apply for emergency funds if required during her lifetime.

The 74-year-old widow, Alphonsine Greaves, Lumby, B.C., had asked the court to vary conditions of the will established June 11 by Mr. Justice N. A. Whitaker.

According to the terms laid down then, the widow was to have the exclusive use of the house built by her late husband, Percy Greaves, of Lumby. Her son by an earlier marriage, E. J. Christien, was to pay all taxes and house expenses as long as she lived and was to inherit the house at her death.

She pointed out that since she had no income she wanted to be able to sell half of the house so she would have some ready cash in case of illness, damage to the house or remarriage.

Although Appeal Court justices felt her chances for remarriage at 74 were "pretty slim" they added a provision to the will that would enable her to apply for extra-cash if an emergency arose.

the direction of the Polish dramatist Julius Rawicz-Lesak. The presentation was well received by a near-capacity audience. The play, which has an interesting psychological theme, is produced by the Drama Club of the Y.M.C.A.

The play was staged as a penthouse production, which means there is no regular stage, the play being enacted on floor level within reach of the audience.

The Polish Government Academy of Drama, has had many years of experience as actor and director. He taught theory and practice at the "Y" last year and will again open new courses early in October.

Final presentation of "Indian Summer" will be given at 8:30 p.m. Thursday.

It will be preceded by tumbling, fencing, volleyball demonstrations and hobby craft registrations scheduled for 7:45 p.m.

THE J. PARKER BUCKLE PRINTING CO. LTD., 1115 BLANSHARD STREET, IS FACING A CHARGE OF UNLAWFULLY PRINTING SWEEPSTAKE TICKETS AS A RESULT OF A CITY POLICE INVESTIGATION WHICH LED TO THE ARREST OF FRANK HILTON, CHARLTON ROAD, SAANICH, WHO WILL BE SENTENCED THURSDAY ON A CHARGE OF OPERATING A LOTTERY.

Constable Alex Nichol, who has worked with Deputy Chief John Blackstock and Constable William Andrews on the case, yesterday swore out an information against the printing firm. It was served yesterday and is returnable on Thursday.

FORMAL CHARGE  
The official charge reads that the firm "did unlawfully print a proposal scheme or plan for disposing of properties, to wit, monies in various amounts by tickets, to wit, the proposal, scheme or plan known as the Canadian Mutual Transportation Association."

This is another in a series of swift developments in an investigation which is believed to have cracked a Dominion-wide lottery ring. Other developments are expected momentarily.

# Greatest Tourist Bonanza in 1950 Predicted for Victoria and Island

A record 1950 tourist year for Victoria and Vancouver Island, increased profits for Canadian gold mines and an overall improvement in world trade as a result of the recent devaluation of the pound sterling and the Canadian dollar, were forecast here yesterday by prominent local businessmen.

The feeling of optimism was tempered by concern over reduced funds for persons in Canada living on fixed incomes from the savings area and about the fact that what happened to prices and wages in the United Kingdom as a result of the new monetary setup.

**MAIN OPINIONS**

These were the major opinions that emerged from interviews with six businessmen in Victoria yesterday as broadcast over CTVI last night.

Most deeply concerned for the welfare of British settlers in this area was Major H. C. Holmes, past president of the Victoria Chamber of Commerce and head of a local major real estate and investment firm.

He stated that he hoped the British-Canadian Government would put into effect to ease the situation in this respect.

In the same lines, Major Holmes forecast that the devaluation of the Canadian dollar would benefit the local economy.

What exact benefits would result in bound Victoria business and industry?

## U.S. Fruit, Vegetables To Cost More in City

Fresh fruit and vegetables from the United States will cost more in Victoria as a result of the recent devaluation of the Canadian dollar.

Local dealers said yesterday that the expected price increase about 6 per cent.

Prices to show up in cost will be the citrus fruits, which are in process of being shipped from the United States.

**How To Beautify GRAY HAIR**

—color it at home—easily!

Supplies now in warehouse have to be paid at the new rate and cost passed on to the consumer. The one dealer admitted.

Thus, the hair color industry is faced with a new problem. The cost of the hair color is now higher than the cost of the hair itself. The hair color is now more expensive than the hair itself.

The hair color is now more expensive than the hair itself. The hair color is now more expensive than the hair itself. The hair color is now more expensive than the hair itself.

## Funeral Held For City Woman

Funeral services for Mrs. Frances Lowther, 1192 Port Street, a resident of Victoria for 24 years, were held at 11 a.m. Tuesday from St. Paul's Episcopal Church.

Born at Montreal, New Brunswick, in 1882, Mrs. Lowther died last Saturday at the age of 67. She would have celebrated her 90th birthday December 28.

**MOVED TO RANSY**

Mrs. Lowther moved to Ransy in 1948 where her husband died in 1949. She lived there for many years, waiting for the loss of the property to the Ransy family. Her husband, Mr. Ransy, was a well-known local businessman and politician.

It's a different Europe. Kings are gone and magnificence is pale.  
But France's lovely Capital is still hub of the Fashion universe, and Paris  
dressmakers the Big Influence in smart wardrobes.  
Eaton buyers, as per usual, made the rounds of the Couture. Come and  
see the models they selected to show you what Christian Dior  
calls the "Mid-Century Look." See these highlights...

See Dior's lowered shoulder-line  
See Dior's tightly belted, bloused back  
See Jacques Fath's sheath skirt  
See Balmain's ear-tip collars  
See Schiaparelli's sumptuous brocades.

See Dessès' net-over-velvet bail gown  
See Carven's buttoned down panels  
See Jacques Griffe's winged suit  
See Piguet's "acute angle" silhouette  
See Molyneux's short dance frock

Elizabeth Arden's new color creation Mediterranean (exciting as a clash of cymbals... soft,  
soft as the South wind) is being used with the harmonized make-up keyed to it in EATON'S

## Zastre Wins Fight Tourney

WINNIPEG, Sept. 20 (AP)—Zastre of Winnipeg last night scored a sensational knockout at 2 1/4 of the third round over Jack Herman...

Zastre conceding 20 pounds to his...

over-riding opponent, dropped...

Herman with a hard right shortly...

after he shook him with a hard jab...

in the third round.

The tournament was staged by...

James J. Dempsey, and Promoter...

Frank Tamm of Toronto to un-

earth a strong Canadian heavy-

weight contender. All bouts were...

three rounds.

Zastre's victory gave him for...

money of \$500 plus the extra he...

pushed up for three other victories...

he took to get into the final with...

the Montrealer. In all the sharp-

hitting Zastre went almost two...

rounds discounting the three bouts...

he cut short with knockouts or...

T.K.O's.

### Select Fine British Films For Presentation in Victoria

VANCOUVER, Sept. 20.—Victoria's  
notorious public will shortly be  
introduced to a new and select group  
of British pictures, it was announced  
today by Robert Eves, Toronto  
representative, Famous Players  
Canadian Corporation, at a meeting  
held in the Vancouver Hotel.  
He told more than 50 British Co-  
lumbia theatre managers and news-  
papermen that in addition to adding  
Great Britain in the present distri-  
bution, it would also mean that pa-  
trons of Famous Player theatres  
would enjoy present Hollywood pro-  
ductions and the best from Great  
Britain as well.

**NEED BEST PICTURES**  
"We are trying to bring to the  
Canadian theatre-going public the  
finest British pictures and the same  
time increase the flow of Canadian  
dollars to Britain," he said.  
Leading the series of English pro-  
ductions in Victoria will be the  
Dominion Theatre which will start  
on Friday, September 20, with "The  
Winslow Boy," rated by critics as  
one of the outstanding pictures of  
1949.

The film was shown at a private  
screening this afternoon and por-  
trayed British justice in the years  
between 1908 and 1910 when En-  
gland was rocked by the case of a  
12-year-old naval cadet who was  
expelled from an Admiralty college  
for stealing a five-shilling note.

**BELIEVED IN SON**  
The boy's father, a retired banker,  
believed his son's innocence to a  
degree that he gambled the family  
fortune for a high-priced solicitor  
to clear the lad's name. Robert  
Donat, who plays the part of a great  
lawyer, featured in the closing  
courtroom scenes, established the

### Ten-Cent Fare May Last For Long Time

VANCOUVER, Sept. 20.—Van-  
couver commuters will likely be pay-  
ing ten-cent fares for a long while  
to come.  
Experts engaged to study reasons  
for the new fare structure today ad-  
dressed the city council.

**EXCEEDED REVENUE**  
The report shows the cost of service  
in urban transportation on the  
Lower Mainland exceeded revenue  
by \$2,018,351.

The increased revenue from the  
fare raise still will not overcome the  
operating deficit coupled with in-  
creased wages entailed by a six-hour  
reduction of the working week, the  
company said.

A public hearing on the new fare  
structure will be delayed until Janu-  
ary when more statistics are avail-  
able.

An interim ten-cent fare is in  
effect.

**Cost to B.C. Of Devaluation Said \$100,000**  
Devaluation of the British pound  
and the Canadian dollar will cost  
the British Columbia Government  
an added \$100,000 annually in in-  
terest charges, according to of-  
ficials of the Finance Department.

British Columbia has annual in-  
terest charges of \$2,160,000 pay-  
able in New York on which the cost  
in Canadian funds will be an extra  
10 per cent. Payable in pounds  
sterling at London are \$364,000 in  
interest charges and \$91,000 in in-  
terest fund instalments on which the  
savings will be roughly 25 per cent.

Offsetting savings on London pay-  
ments against increases in New York  
payments leaves the province a  
net increase of more than \$100,000.

Next year the province has serial  
bonds amounting to \$462,000 which  
are payable in New York and on  
which the added cost will be roughly  
\$50,000. An extra \$500,000 will be re-  
quired to meet a \$1,000,000 debt  
maturing next July and a \$4,000,000  
issue maturing in 1951.

In addition to the Nile, Egypt has  
about 1,000 miles of navigable  
canals.

### Defence States Handling Of Treason Case Unfair

SAN FRANCISCO, Sept. 20  
—The Government's handling  
of the Tokio treason case was  
called "downright crooked" today  
by defence counsel for Mrs. Iva  
Oshausen.

**PROSECUTORS UNJUST**  
Oshausen charged the Govern-  
ment prosecutors were "unfair, un-  
just, and downright crooked" as he  
began his fiery summation of evi-  
dence designed to prove the im-  
passive woman aided rather than  
betrayed her native land.

He confidently proclaimed that  
there is at least a reasonable doubt  
on all three points upon which the  
Government bases its case.

Oshausen, taking over for Chief  
Defence Attorney Wayne Collins,  
charged that the prosecution has  
failed to prove even one of the  
"weighty overt acts of treason" of  
which Mrs. Oshausen is accused.

He denied she had "any intent to  
betray the United States" and de-  
clared the Government has not  
even proved she is an American  
citizen. The defence claims she is  
Portuguese by virtue of her mar-  
riage to a Portuguese national in  
Tokio.

The Government finished its  
opening argument early in the after-  
noon.

## People of B.C. "Fickle" In 1870, Old Letter Says

British Columbia people were not said it was "a forthright, frank fit for responsible government" back statement of the personal opinions in 1870, in the opinion of the senior member of the colonial colonial secretary of those times (civil service).

Hon. Philip J. Hankin, colonial secretary in Victoria, made his outspoken observations in a letter to his friend the Duke of Buckingham in England, and that letter has just been purchased by the Provincial Archives.

The letter was written during the heat of a famous debate which began in March, 1870, in the British Columbia Legislative Council on the subject of confederation of Canada. Union was achieved in July, 1871.

Archivist William Ireland, who released the letter for publication, said it was "a forthright, frank fit for responsible government" back statement of the personal opinions in 1870, in the opinion of the senior member of the colonial colonial secretary of those times (civil service).

## Construction of Five New Schools, Additions Set to Begin in Spring

Greater Victoria School Board schools include extra rooms at Victoria High School. Although plans to start construction of five new schools and additions to five existing schools next spring.

Before building starts money for the building program, to make up for the soaring costs since June, 1947, when a by-law expected to cover the entire program was passed.

Victoria have already passed more money to start construction of the Topaz Junior High School, the View Royal Elementary School and the Victoria High School vocational-technical unit.

TO RESUME PROGRAM

In announcing resumption of the program that was planned at the end of the war, J. F. K. English, municipal inspector of schools, said yesterday that a speedy start on the rest of the building plan was vital because of the congestion in classrooms.

Under the plan, new schools to be built include: Oak Bay Junior High School, adjoining the high school on Cranmore Road; Lansdowne Junior High School, on the site of the old Lansdowne airfield; Macdonald Park Primary School; Cadboro Bay Elementary School; and building of Central Junior High School.

Besides that additions to existing schools will be made.

Most of the increases are in the elementary and primary grades. To handle the increased enrollment and as replacements, the board has announced the appointment of 11 new teachers. John N. Clark, Mrs. Margery De La Mare and Mrs. Mary L. Guild have been appointed on a monthly basis for high schools until December 1.

Eight others appointed to elementary schools until June, 1950, are: Miss G. Constance Wright, Mrs. Erna Edwards, Mrs. Mary A. Morgan, Mrs. Constance Higgins, Mrs. M. Kathleen Gidley, Mrs. Anita Hope, Mrs. Margaret I. Vogel and Mrs. Betty R. Morton.

The board has also recommended higher pay for night teachers at

Portland, Ore., Sept. 19 (INS)—H. V. Simpson, executive vice-president of the West Coast Lumbermen's Association said tonight it was "bad news for United States lumbermen" when Canada devalued her dollar by 10 per cent late Monday.

Simpson pointed out the lumber-rich country to the North would be in a position to undersell American lumber on the world markets and Americans would probably import the cheaper lumber from Canada, too.

Even had Canada not devalued her currency it would have had an adverse effect as Canada would have felt the pinch of the British pound and would have sought new

Too Much Water Brings On Epileptic Attacks

By DR. J. B. WARREN

Although we all need plentiful water, too much liquid in the tissues brings on attacks of epilepsy in epileptics. Cutting down on the amount of fluid, tea, coffee, water, milk, soft and hard drink, will prevent and great help in controlling violent epileptic attacks when other forms of treatment have failed. Increased fat foods, butter, cream, fat meats also help to prevent attacks.

# Paris Style Lines Recall Middle Ages

By BARBARA STEVENSON

PARIS, Sept. 20 (AP)—

Balenciaga has put his own touch on the 1950 silhouette with his collection which shows a new tiered effect, reminiscent of the dramatic gowns of the Middle Ages.

The full sweep of the skirt can be brought round to the front in a light, cold wind. Evening wear features gold and embroidered lace, lace on net, velvet, and other rich materials.

Balenciaga continues to approve of the "haute couture" style, which he has been championing since the late 1920s. He has been a pioneer in the use of the "haute couture" style, which he has been championing since the late 1920s.

Stark white, a good black, and high in the favor of French women, are widely used, giving the collection an orthodox note.

Second most widely used color scheme is Balenciaga brown. The collection shows a new tiered effect, reminiscent of the dramatic gowns of the Middle Ages.

These models are worn under the thickest capes of the season, either buttoned front and waist, with a tiered collar fastening in front.

## Skirts Still Spotlight High Fashion Story

Fashion moves along in a sophisticated manner for Fall '49. Fem- inine silhouettes with an emphasis on the skirt are the dominant theme for the season. Skirts are still the focal point of fashion; they are long, flowing, and often feature dramatic details like full skirts, ruffles, and pleats. A common trend is the use of contrasting colors and textures, such as velvet and sheer fabrics. The skirt is often paired with a simple, high-waisted bodice, creating a classic and elegant look. The length of the skirt is also a key element, with many designs reaching the floor or just above it. The overall aesthetic is one of grace and femininity, reflecting the high fashion of the late 1940s.

## Added Sparkle

At your throat, wrist, and belt, sparkle is the key to the fall wardrobe. Sparkle is added in the form of sequins, beads, and crystals, creating a look that is both elegant and glamorous. These details are often used to accentuate the neckline, cuffs, and hem of a dress or skirt. The use of sparkle is a nod to the classic Hollywood style, which was popular in the 1940s. It adds a touch of magic and sophistication to the overall look, making it perfect for special occasions or evening wear. The sparkle is often combined with other elements like velvet and plaid, creating a rich and textured appearance.

## Belts Important

Don't belittle your middle by ignoring the fashion importance of belts. Belts are a key element in the fall wardrobe, used to cinch the waist and define the silhouette. They come in various styles, from wide, decorative belts to thin, functional ones. Belts are often made of velvet, plaid, or other rich fabrics, matching the rest of the outfit. They are used to hold up skirts, dresses, and blouses, adding both structure and style to the look. A well-chosen belt can make a simple outfit look more polished and put-together. It's a small detail that makes a big difference in the overall appearance.

## Velvet

Rigante combines white velvet plunging neckline with dark velvet skirt, creating a look that is both elegant and glamorous.

## Hair Styles And Make-Up Are Delicate

The spotlight remains on the short, easy-to-manage, casual hair-do—hair pieces that give short hair the longer look are more and more the vogue. Falls, switches and clusters which augment the brief coiffures are becoming less expensive as demand and European hair shipments increase.

Short hair wears a side angle with soft, suggested waves, contour curls and breezy bobs hugging the shape of the head for greater flattery. These hair styles are highly dramatic and give stately elegance and femininity to the high collar and low pinning, jewel-encrusted necklines.

In keeping with the coiffure trends, make-up is soft and pastel—lipstick is rosy-bued and highlights the natural shape of the mouth. Rouge is only suggested for daytime wear with darker tones used for evening, under-lights emphasis.

Cream make-up foundations carry through for an over-all pastel look—used skilfully it is blended high into the hairline—and as low as your neckline descends.

### HOLD LUNCHEON

Ladies of Emmanuel and Douglas Street Baptist Churches were guests at a luncheon on Thursday, sponsored by the Women's Union of the First Baptist Church.

Mrs. G. V. Bishop spoke briefly and presented Mrs. J. Ingram Smith, provincial president of the B.W.M.S. and Mr. Stockill, moderator, to the gathering.

Rev. G. R. Easter introduced Rev. M. A. J. Waters who was guest speaker and Mrs. W. W. McCall moved the vote of thanks.

Mrs. Charles Lee sang "Looking to Jesus" with Mrs. S. Ralph as accompanist.

## Pretty Teen-Ager Models

## Mrs. Waters Speaks To W.M.S. Group

There was a large attendance at the Fall luncheon of the Fairfield United W.M.S. Auxiliary, held in the school hall, Thursday afternoon. Mrs. W. G. H. Firth presided. Mrs. M. A. J. Waters was the special speaker of the afternoon and gave an interesting and impressive address on modern missionary life in India. Mrs. Margaret Dillabaugh gave the vocal selections, "I Will Lift Mine Eyes Unto the Hills" and "I Heard a Forest Praying." Mrs. H. Poole was accompanist. Intimation was given that the next meeting would be held on October 20, when a

Thanksgiving service would be held, with Mrs. Allan's circle in charge of the program.

### MID-TOWN DANCE

Mid-Town Teen Club held a dance in the Newstead Hall, 734 Fort Street, when more than 240 teenagers attended. Dancing took place to Ted Spencer's orchestra and during intermission the Mid-Town Mad Caps played a bopped up version of "Marche Slave."

The club holds dances every Saturday night in the Newstead Hall.

## Formally Speaking, Fall Fashions Call for a Season of Grandeur

It's a dress-up season for a woman's pleasure! Fall-into-Winter is the time of the year when gala, formal occasions present themselves frequently — occasions when women eagerly slip into the simple drama of formal finery. The luxuriance of the season has no better reflection than in the cocktail to mid-night-supper collections of formal

Luxury fabrics are discreetly enhanced by sequins and beading — frosted with jewel-like studs — delicately embroidered with braid.

**SCIENCE AT WORK IN NORTH**  
At scientific research stations at Churchill, Man., and Baker Lake, N.W.T., some of the most competent Canadian specialists are con-

ducting basic research programs in entomology, the mechanics of snow and ice, nutrition, archaeology, protection against cold, and many related subjects. Weather stations have been established at strategic locations throughout the North and as a result, meteorological knowledge is rapidly expanding. Scientists from the Dominion Observatory are working in the fields of geophysical and terrestrial magnetism. Geologists, topographers and geographers are also at work in the North.

Lace, net, taffeta and velvet, dip and swirl above milady's ankles in the bare-arm, décolletage frocks for the cocktail-into-dinner hour. Opening night and formal dinner-dancing will find a host of fashions, each more exciting than the other. Evening and formal dresses have wrapped waists — drapery detail and many skirts dip in the back with a hint of a train. Necklines favor the cowl cut, and the well-accepted V-plunge.

## Slave Bracelets Pep Up The Ballet Evening Gown

By MURIEL NARRAWAY  
Canadian Press Staff Writer  
LONDON, Sept. 20 (CP). — Molyneux has started a slave-bracelet fashion craze in London.

To pep up severely-cut ballet-length evening gowns he used a jeweled anklet, matching a choker necklace. Worn with late afternoon

erote front pendant with a large central stone and a long four-line fringe that swayed seductively with movement.

A two-inch-wide band of jet has three large, beautifully-cut centre stones surrounded by diamante and the pendant-drop is a pearl-shaped stone surrounded by diamante.

### ANKLE GARTERS TOO

double, triple, four or five-string band of rhinestones, jet or pearls having an elaborate catch which can be used as centrepiece.

Another old style come-back is the ankle garter. A narrow strip of elastic covered with net, it is effectively embroidered with pearls, crystal beading, jet, sequins or rhinestones, and can be straight or frilled. Attractive patterns are created by the combination of sequins and different beading.

Combined with the garter there is a bib or collar-effect necklace — a collar-shaped piece of net, four inches in front and two at back, embroidered to match the garter.

Remember those square or oval antique buckles worn in the days of the crinoline? These have also made a come-back and can be combined with the ankle fashion trend or worn with plain shoes as a complement to day-wear.

Jewels can also be seen on the heels of dance shoes or decorating

the narrow, triple-strand ankle straps. Another fashion is to have dance-shoes-of-the-color-and-embroidery of your dress.

For Winter weather there are fur anklets of astrakhan, leopard or skunk. These are combined with muffs, hats or the fur trimmings of coats and suits and can be attached to high-heeled shoes.

### Mix Them Up

Two interesting skirts and one good jacket equals two suits in the co-ed wardrobe. Add a jumper, as many blouses as the budget will allow — and toss in a clever jerkin or vest — and you don't need a shoe

rule to discover the mathematical potential of a basic and highly interesting, casual about-the-campus wardrobe.

## Knitted Flattery

The versatility and flattery of the knitted dress has been established and is here to stay for this new season. New versions in knitwear are of keen importance in fashion news.

One piece wools and jerseys will wear a cardigan sweater for an ensemble-with-sweater look. This approach will be highlighted in cocktail dresses and evening wear, too. Smart knitted accessories such as low-cut necklines, stoles, scarves, berets, muffs and gloves are designed in a sophisticated manner, for town and country variety.

## Young Co-ordinates Going Back to School

Mainstay of Fall wardrobes for the tot-to-teen set are a gay array of co-ordinated skirts, jumpers, jackets, weskits, slacks, and pedal pushers. Corduroy is the standby fabric in a wonderful range of Autumn colors that combine smartly with bright checks and plaids in cotton or woolen. Velveteens and plaids are smart companions, too, in many Fall ensembles for the little miss and her older sister.

Softly-tailored styles that simplify mother's ironing problems are the general rule for young school dresses, with frills reserved for party fare. Practical dark, yet bright colors, dominate the scene, with white pique collars and cuffs providing light accents.

Plaids in both wools and cottons appear in every schoolroom from kindergarten to senior high. Wool jerseys, novelty rayons, and the new, embossed cottons lend new fabric interest to the children's wear picture.

Girls' coats imitate grown-up styles with new cuff and yoke treatments and modified flare backs. Fitted, princess coats are slated for increasing popularity, and coats with detachable hoods appear to be as much in demand as ever. Leading coat fabrics are sturdy wool fleeces, suedes, coverts and tweeds in a wide range of the favored Autumn colors.

Suits for the 7-to-14 crowd feature boxy styles in light-weight wool plaids and gabardines. Separate boxy jackets are shown in novelty-patterned velveteens and corduroys.

Novelty fabrics are used in a wide assortment of girls' millinery and accessories. Polka-dotted velveteen and printed corduroy make gay hat and bag combinations. Bright, felt appliques trim matched-up belts, bags and beanies to give added fashion dash to youthful costumes.

### Scarves Are Fashion

First a fashion whim — now a permanent part of today's fashion picture are Milady's scarves! Those wacky, colorful and oh-so-versatile accessories are seen accenting every Autumn costume.

The newest, have matured from last year's narrow oblongs into mammoth stoles and large squares that are lovingly worn with everything from suits to formal. Gleaming fabrics — many hand-painted on luxurious silks, that are outstanding as sashes, ascots and turbans.

The jumper... always one jump ahead in style... now shows up in the newest shades of nature, breaks into a bold plaid, is designed with mammoth patch pockets. At the right, a men's wear all-wool flannel suit, classically styled and made important with its oversized pockets. Both by Sporteens.

## Hospitals' Funds Appeal May Return in Britain

LONDON, Sept. 20 (CP).—One of the many questions raised by Britain's controversial National Health Service is whether hospitals should be allowed to appeal directly to the public for funds.

Under the health plan, hospitals are not permitted to participate in appeals. If voluntary gifts are received, they must be used only for amenities or research.

Many hospital authorities criticize this policy. Some say it puts a serious crimp in their efforts to provide a first-class service.

The King Edward's Hospital Fund for London, which for more than 50 years has made grants to hospitals in the London area, suggested in its annual report that the ban on public appeals should be lifted. If hospitals could obtain support from sources other than state funds, it said, "we might yet make the best of both worlds and achieve a truly British compromise."

Hospitals, unable to appeal to the public, were turning to the fund for assistance.

Hospital and specialist expenditure in England and Wales under the health service has risen to £170,000,000 (\$880,000,000) compared with the £87,000,000 estimated when the bill was presented to Parliament.

Health Minister Aneurin Bevan recently ordered hospitals to review their budgets with an eye to saving money, but authorities are

It has been estimated Britain needs at least 6,000 more hospital beds. Lack of funds to staff them is the chief cause of the shortage.

TRIMLEY, Suffolk, England (P).—Removal of three "dunces' galleries" from classrooms at Trimley school cost £348 (\$1,392). The galleries—raised platforms for desks—were popular in schools half a century ago. Children sitting on them could be seen easily by the teacher.

Cinnamon Trimmed With Black

A smart coat dress for fall in cinnamon and black by a Canadian designer. Note how cleverly black velvet highlights ensemble, the attractive cutaway sleeves.

Black Net Over Pink Net With Chantilly

Corven-Lumiere. Dance—Evening dress of net and lace—black net over pink net—applique of pink Chantilly lace with brilliant and pearl embroidery. Strapless fitted bodice—bouffant skirt—over crinoline underskirt.

Millinery Mood is Exotic, Frivolous

Contour-carved black velvet cap by Peg Fisher, who adds halo-effect of Chantilly lace. Pearl costume jewelry by Coro.

Feathers are chic and important again in millinery moods for fall. Catrich feathers, plumes, aigrette-type trims enhance the velvet and velveteens that are this season's after-five hat charms.

For the street scene, luxurious felts are manipulated to a close-to-the-head look, or in little shapes with peaked crowns and finished with a jaunty drape at the side.

Sheer enchantment and lace-framing flattery for every woman are the dramatic, back-hugging, not-too-high draped turbans. There are new notes of elegance

and luxury in the metallic cloths—the super-shen velvets and the heavy, lustrous satins used for these turbans.

Trims for all hats are glamour and excitement-packed. Braid and beads, jeweled patterns, new feather treatments all add thrilling grace notes to the fall millinery tone poem.

Your fall hat will accent with contrast, rather than match, most of your wardrobe, with all the borrowed-from-nature colors displayed in full glory in the millinery collections.

## Pastel Tints for Bridal Finery

Every pastel tint in the rainbow is presented in a galaxy of ultra-elegant bridal finery. Shell-transparency tones are used in the traditional bridal satins, nets and the shimmering velvets in drapery-dramatic bridal and bridesmaids' gowns.

Many bride's gowns carry matching mits as part of the dress itself—more and more stress is laid upon greater versatility in the design of the gown. Removable long sleeves—little bodice-boilers and other tricks adapt the gowns from the wedding aisle to the ballroom floor.

Broaded satins—metallic-thread shot crepes—the loveliest of chiffon velvets and silk chiffons and marquisettes are more lavish in one of the most lavish of bridal showings in years.

Patullo's simple, luxurious shirtwaist dress in Merrimack oyster white corduroy with pearl hand embroidery on big, beautiful pockets.

### New Bags Have 'Luggage Look'

It's the newest expression in hand-bag fashions! It's "The Luggage Look" for midday's Fall handbag, a look that denotes a wonderful convenience and novel loveliness. For this new accessory, designers have used as their inspiration the carry-all capacities of suitcases, have transposed them into brilliant bags that duplicate the form of luggage, are actually miniature overnight cases in size.

One of the smartest of the "Luggage Look" bags is created of highly-polished calf, shaped with satchel-type handles of burnished tortoise, and fitted to carry everything from comb to nightie. In all sizes, these bags have the same fine-grain leathers as the most aristocratic luggage—the same careful detail and rich metal frames that add much to the fabulous appeal of their new and prophetic style.

On the dressier scene, the bag for evening is cued to the more feminine gowns. Dainty little dress-maker bags in exquisite fabrics—some with dramatic drapery and rich folds, some magnificently beaded and jewelled, and handsomely fitted. Many are complete with gold-trimmed combs, compacts, and even cigarette cases, and each is beautifully lined with matching or contrasting fabric.

### Fall Wedding

For the Fall wedding... the bridesmaid wears pink satin, draped across the bodice, full of skirt. And, designer Emma Domb has added short, matching gauntlets.

### Short Jacket In Limelight

California collections are setting the pace for Fall fashion in rich designer collections that promise an exciting season.

Casual fashions run the gamut of such fabrics as tweed, wool jersey, alpaca, English oxford, machine and hand knits, corduroys and with rayon and nylon appearing in every line.

Styling in the suit picture runs to shorter jackets with shoulders padded for fit only. The slimmest of slim skirts, with action-slits, fore and aft, are seen over and over again. Shoulder accent is important. Clever tucks and darts dramatize detail in every phase of suit styling. Dolman sleeves in full or modified angles are in high favor. For trim there are buttons and more buttons, touches of braid, and accents of fur.

Coats range from the dressiest of styles in sleek finished fabrics such as broadcloth, faille, gabardine to ultra casual fashions in fine tweeds, camel hair and shag woolsens.

Plaids are bold and rampant. Stripes more popular than they have been in many a season. Dolman sleeves are used in many coats. The 5-8 length is back with new strength and the shortie remains in high favor.

A California original, and high fashion, too, is the coat-dress, done this Fall in beautiful woolsens, alpacas, corduroys, faille or rep.

Dresses have taken on a new importance—high, tight necklines with bobby collars or a deep convertible, plunging necklines are two of the themes. Pads are small or non-existent. Hip accents predominate—drapes carried to the hip and falling into a manipulated panel or pouff, with tiers, tunic effects or trim bandings, equally important. Double panels and tiers are used for dramatic effect.

Pockets theme the Fall fashion story—taking on multiple shapes and forms—with all manner of cuff, tab or contrast trim.

### Gay Separates Right for Fall

Sing a song of separates in a gay and happy tune—because it's a highly symphonic season for ensembles—ensembles of separates. There are three important parts to the composition that look like a complete outfit yet go on for more occasions and more seasons, as separates.

The skirt, weasit, shirt combination with the skirt and weasit matching and a tailored or dressy blouse for contrast is ace high for all-around year. On the same basis, the skirt, blouse and jacket trio continue to hold their own in any society—appearing in correlated tweed and jersey.

Coordinates in the blouse and skirt twosomes are linked by a belt to give a one-piece look. In matching or contrasting jersey, tweed skirt and color-blended jersey blouse, plus a jersey belt to match the blouse.

The separate weasit goes with everything in a riot of color and a variety of fabric. Sheds and chamois are favorites.

Waist-length cardigan sweaters all the favorite wool yarns, go quite gay also, in metallic ribbon, chenille and other novelty knits. These are worn at the skirt top or tucked in.

For dress-up occasions, skirts are worn slightly above the ankles. They are rich in soft, cuddly woolsens, light-weight tweeds and wool jerseys. They are usually teamed with off-the-shoulder jersey or cashmere sweater blouses—or luxurious, heavy silk shirts.

Slacks and other active-sports wear remain much as in the past. Team them, however, with new separates; let your colors run bold and bright, and voila, you have arrived for Fall.

### Cocktail Suit

Gentle shoulders and soft-curved hips highlighted with bold little buttons. A faille cocktail suit by Beni Claire of Paul Parnes.

## Millinery Reminiscent of Renaissance

The elegance of the Renaissance period is recalled in the millinery expressions for Autumn, 1949. Bonnets are demure—berets, small and lithesome and sleekly-draped turbans, rich in fabric and color.

Daytime hats and dinner hats are soft, tiny and oh-so-feminine. Gently scooped brimmed bonnets, many with chin straps of velveteen, others with gracious bows of tulle and veil, are the go-with-everything suit and dress hats.

Casual hats for Fall suits and tailored costumes also follow the head-buzzing helmet lines with a curving, irregular silhouette that softens their basic severity.

Profile flattering turbans and draped-dramatically berets follow

the headlines closely and are shaped well down over one ear. Black velvet facings, satin pipings, silk cords and tassels trim the perennial black hat, after-five headdress.

### Designer Builds New Autumn Hats on Three Basic Themes

By ANNE YATES CLARKE

Whether or not you buy and wear extreme hats, you know that when something entirely new appears you will be wearing it or an adaptation of it in a season or so. You may shudder in horror at a hat that shoots at the stars or that mushrooms over your face, but if you're wise in the ways of fashion you know that if it comes from one of the real originators it will be copied with or without changes for you in no time at all.

Mr. John is an originator, one of America's most daring and astute milliners. Years ago he showed his little clothes long before the costume designers had thought of

collection on three themes, and all are worth watching. "Charleston" hats take us back to flapper days when women wore slinky knee-length clothes with waistbands around the hips. A cloche was almost the only hat ever worn. Today those clothes are back, but in much more variety and often with more lift or shape to make them becoming.

"John's Derbies" stress basic architectural simplicity too, and to the tailored look, though these derbies are softened so as to be feminine rather than bold. These, like his other hats, take into account the heat, short haircut, and are simple to complement the rather dramatic clothes that we will wear this Winter.

John has collaborated with Adrian while they are functional in shape they make much of feather fancies, jewels and embroideries.

### Black Velvet

Fall bonnet designed by Croyden in soft felt, trimmed with black velvet.
